

St Augustine's Parish , Yass - 11.03.2021

It is important to remember that the way we frame our decisions and our attitude, significantly influences the decisions we make and our caring approach to those around us.

As Christians, we are influenced by Christian principles which focus on care for vulnerable, and on our own selflessness and sacrifice.

During this Covid pandemic, the perspective of the State Government, and NSW Health, is one of persuasion, and personal responsibility, with a commitment to caring for the vulnerable , and reducing the risks associated with COVID-19 transmission.

These guidelines are aimed at trying to avoid harsh rules and lockdowns and they ask for our co-operation.

St Augustine's Church is cooperating to advise and support the parishioners attending mass about important safety issues, and to be part of that cooperation. We believe that it is our Christian responsibility and civic duty to take that personal responsibility seriously.
