

Parish Pastoral Council 1 December 21  
Principal's Report

The year is concluding with the school remaining under Level 3 restrictions, which are at a higher level than the wider community. In all likelihood we will commence the new school year under the same restrictions.

This week I held a meeting with Catholic Education to commence work on a Master Plan for the school site, incorporating both ongoing maintenance requirements and future improvement. There is a presumption that the parish may have a recent heritage report associated with Hartigan Centre renovations and a subsequent request that this be shared with the school to assist with this process.

Year 6 Graduation Mass will be held in St Augustine's Church on Tuesday 14 December.

Mt Carmel will host the outdoor Christmas Mass on the school playground, under the shadecloth.

Recruiting remains open for the position of Youth Minister under the CSYMA program.
